We're excited to announce the upcoming release of the Galaxy S10 Beta version 10. This is our first release to the Galaxy S10 Beta channel, and we've worked really hard to make sure it has all the fixes and improvements you've been asking for. We hope you enjoy it! For those who would like to be on the beta channel, you'll first need to enroll your Samsung Account in the Samsung Beta Program. From the Samsung Account home page, follow the instructions to enroll in the Samsung Beta Program. The same verification steps apply as when enrolling in the Samsung Beta Program for other devices. Once you're enrolled in the program, you'll receive emails from us on a semi-regular basis, asking you to take the following steps to join the beta channel: Confirm your email address, so we can send you messages about the beta channel. Reboot your device into the "Samsung Beta" user interface. If you don't already have the "Samsung Beta" interface on your device, you can follow our guides for "Samsung Beta" here and here. Reboot your device, this time using a file that we've provided as an OTA file. If you have the Galaxy S10 running firmware version
