In the year 2015, the last known person to have their cell phone lost was student Laura Kim. Inconsolable and unable to return to college, she retreated from the world and locked herself in her bedroom, not leaving it for more than one week at a time. Six months later, Laura has mysteriously disappeared. The only clue left

behind is her phone, which has reached the shore of remote Vancouver Island and has managed to make contact with a local group of scientists. As it is revealed to the player, the phone belongs to Laura and contains all of her contacts, files, photos and locations - including those of David, her boyfriend of two years, whose secrets she was seeking. Since the phone contains all this information, Laura is gone for good. But if the player can find out who David is and what he is hiding, Laura might still be alive. Could it be David himself who has kidnapped Laura in order to keep her company? Maybe he's trying to contact someone? Or maybe he's just a little lost himself. Whatever the truth, it's up to the player to find out. Questions: Developer: Nomad Games For devices running Android 4.0 and higher Link to Google Play What is this Game about: "Another Lost Phone: Laura's Story" is a prequel to the original hit game "Another Lost Phone", told through the eyes of Laura Kim. THE MUSIC IS VERY INTENSE IN THE LEADING AND BOTTOM 0.7% OF THE GAME. DOWNLOAD AND YOU'LL LOVELY LISTEN TO THE STEREO.LEVELS ARE NOT DIVIDED. THE ONLY DIFFERENCE IS THE FUEL MONEY. ON LEVEL 1 FUEL IS 500. LEVEL 2 FUEL IS 2,000. LEVEL 3 FUEL IS 5,000. LEVEL 4 FUEL IS 10,000. AND LEVEL 5 FUEL IS 20,000. If you get at least 10,000 on a level then you are awarded one of five lives, and a corresponding decrease in the time limit of the level.Points are awarded for a successful click on a cat, as well as for simply hovering over a cat. When you die a small orange creature falls from the sky and will help you to restart the level if you click on it. If the orange creature reaches the top of the screen, you will lose 10,000 fuel.If you die in a level, you are automatically taken to a purrgatory cat level.You can play free single player mode if you desire. Enjoy Cat Clicker on steam! How To Beat The 5 Levels of Cat Clicker: 1) I, the first time through each level I'd recommend saving all lives, clicking on the first cat that is visible, and making sure that you have as many lives as possible. You will not be penalized for clicking on cats before the time limit if they are still visible after it runs out. I would recommend that you level 2 and/or 3 first as they tend to be significantly easier than levels 4 and 5. Level 2 you should have no trouble with if you level 3 and then play level 4, and then level 5. And if you're afraid of dying, save your game first, click on the orange cat in the sky, and then click on all the cats on the ground. If you get more than 10,000 points, you will be given one of the five lives, and the timer will be reset to 1 minute. If you get 10,000 or more points and don't want to have to wait for the game to overstay its welcome, save your game, click on the orange cat in the sky, and then click on the cats on the ground. If you get more than 10,000 points, you will be given one of the five lives, and the timer will be reset to
