What's the Future of Office 365 - bjaysingh ===== gshdg Arguably the future of the new Office suite is Office 365. Might my glass ceiling thunk into the damned floor? Perhaps not, because it was not yet time. I sat at my desk, waiting. I could see out through the window into another world: a corn-filled test field of some kind. In the distance a person walked back and forth. I stood and walked slowly to the glass, and then turned back to the dark desk in the room, a book open in my hand. The book contained the name of a course. After that, a week passed. In that time I stood on my feet and exercised my arms, tested the muscles that had been used to sitting, walked and then crawled through the field of gloom. Category: Fraxinus chinensis The Frax

Yazoo-Delta Football Club was a football club based in Dudley, West Midlands that joined the Midland Football Combination in 1937. The club played at the Bagshot Ground from 1948 to 1958. After a year out of the Midland Combination, the club returned in 1959. However, the club ran into financial difficulties and folded after the 1962-63 season. With Lottshall Heath taking its place, the other Bagshot branch of Dudley Town also became Dudley Town AFC later becoming Nuneaton Borough. Both clubs left the Midland Football Combination to rejoin its Midlands association. Yazoo-Delta won the Birmingham Cup in 1957-58, beating Arlesey Town 4-1 in the final. It is unknown what happened to the club after the mid 1960s. At first I used only my Google profile because I was not familiar with the app. However I have noticed that by using my Google profile for work, it has become something of a brand. So, I thought I would change my Google profile photos to more accurately represent that. That way I can use my Google+ profile as an extension of my Google profile for work. Unfortunately, I am not a professional photographer and I am not a graphic designer. So I had to do a little bit of research to figure out how to make some of the best Google apps profile photos. In this tutorial, I am going to walk you through the process of rebranding your Google+ profile. If you have a Google+ profile that you would like to rebrand or if you need help with rebranding your Gmail profile, you can follow these steps: 1. Go to Look for the photo on the left hand side. Choose a new profile photo. 2. Login to your Google account and head over to your Google+ profile. 3. Look for profile photos that you would like to use. You should have a total of 6 pictures total. In this tutorial, I am using a couple of pictures. 4. Click on the Facebook Connect button in the upper right hand corner of the screen. You should get a prompt that says "Which Google Profile should Facebook connect to?" Choose your Google account from the list. 5. Click the "Select a Profile" button to change your profile. Click "Save" 6. Click "Save Changes" to save your changes and return back to your Google Apps. If you decide you want a different picture, click "Change Profile Photo" and pick a different picture. 7. Navigate back to your Google+ profile and click "Show Photos" Click "Save" to commit your changes. Your profile should now look something like the image below. If
