Smashwords.com Share this: Like this: Director at Google. He co-developed the concept of search and was co-founder of Google. Description: Leader of the development team, overseen the creation of Google's public search engine. He is a co-founder of the company. Books by Eric Schmidt Abstract Born in Austria, Eric A. Goedertz graduated from the University of Michigan with a PhD in electrical engineering and computer science. He has worked for IBM Research in Zurich and received the ACM SIGOPS Software Development Award. In 1980 he joined Stanford University as the first CEO of the Palo Alto Research Center (PARC), a lab aimed at developing technologies for the then emerging information-based economy. His tenure as CEO of PARC was highly regarded by many, but ultimately he disagreed with the basic ideas of the company's founder, Alan Kay. A year later, in 1991, he began Google, inc. in Mountain View, California. Eric Schmidt is Chairman and CEO of Google, Inc. He was born in Austria and grew up in the University of Michigan, where he earned a PhD in electrical engineering and computer science. From 1980 to 1984, he worked as a researcher at IBM Research in Zurich, where he was recognized with the ACM SIGOPS Software Development Award. In 1984, he moved to Silicon Valley and co-founded Palo Alto Research for Event and Center's creation in 1983 to 1991. He then moved to California, founding Google, inc. with former PARC colleagues Larry Page and Sergey Brin in 1998. Schmidt holds high-level academic degrees from several educational institutions. He is board chairm high school. He studied electrical engineering and computer science at the University of Michigan and received a doctorate in electrical engineering and computer science at the University of Michigan and received a doctorate in electrical engineering and computer science in 1980. During his time at University of Michigan, he was instrumental in designing and building the first massively parallel computer, called the LARC, (Massively Parallel,
