
For Cone Layout Version 2.0.5 ((FREE))

This gearbox delivers the perfect balance of strength and durability through its use of a superior 4kg viscous coupling, this all-encompassing gearbox is built for all day fun on the track with no worries about gearbox longevity and reliability. Each gearbox is totally reconditioned using new and serviced components with a thorough inspection to internal components such as synchroniser cones, bearings, sliding sleeves and differential. Our standard assembly practice includes the use of new genuine Subaru gaskets and sealing compounds with every Subaru gearbox bench tested to ensure correct gear selection and rotation prior to fitment or dispatch. The Best Choice version comes with a 12 month or 25,000Km warranty whichever comes first warranty. The other 5th gearbox in our range is the 4.0 "best choice" 5th gearbox for the Subaru WRX/STi. It includes all the latest components to suit all Subaru's platforms, and can be upgraded to many more gears if needed. No matter what upgrade you choose, it will be 100% tested for quality assurance and functionality prior to production. Every gearbox is totally reconditioned using brand NEW revised components with a thorough inspection to internal components such as synchroniser cones, bearings, sliding sleeves and differential. Our standard assembly practice includes the use of new genuine Subaru gaskets and sealing compounds with every Subaru gearbox bench tested to ensure correct gear selection and rotation prior to fitment or dispatch of any Subaru gearbox that we sell. The Best Choice version comes with a 12 month or 25,000Km warranty whichever comes first warranty.
