Its true that Minaj has appeared in a number of videos so far this year, but she doesnt focus on them. In fact, she doesnt focus much at all. Her 2013 schedule includes less than one video and 10 radio spots, and, as far as I can tell, I havent seen a single magazine photoshoot or event where she was wearing a single thing. Nicki Minaj, despite the fact that the questions I ask here are silly and sexist and condescending, answers most of them, and even with questions such as, What do you think of hip-hop, which might come off as incredibly arrogant, she is very gracious, and open to my ideas and criticism. In fact, she never gave me that opportunity on this story, until I was done anyway. It may be that she knows she cant really refuse me anything by way of story. But, then, that could also be because all of us in the story have the same vested interest in keeping this interview going. Because it IS a story. But its also a test of what youre willing to do to keep this going. The reup interview may be only fifteen minutes long, but that doesnt mean that, when we were done, I had fifteen minutes. We were having a 40-minute marathon game of Where Is Minaj. In fact, when we finished, I realized that we hadnt eaten dinner yet, so Nicki, who doesnt like any food that would leave a stain on her face, went to the kitchen to get herself a salad of romaine leaves and celery and black olives and radishes. A salad. We sat on the couch, quite literally frozen, and Nicki, well, shes dead serious. She rarely laughs at my jokes, or even smiles at my stupid jokes, but shes fucking laughing at this. Suddenly, she is awake and is talking and talking and talking. Its impossible for me to transcribe because I dont know what shes saying. She drops into the next sentence mid-sentence or mid-sentence turn. Shes speaking very fast. (And I am also unable to read her lips, which adds to the difficulty, especially because there are a few things she says that arent translated into English, like "Ahwe" and "ahs.") Eventually, Minaj runs out of things to say to me, and she turns to talk to Mike. She asks him what his favorite song is, and he says Bring it On. She asks him if he thinks its fair that she fucks with people online and then denies it. And he is like, Ohhhhhh. Then she asks him what his favorite Nicki Minaj song is, and he says Isnt That Yo bitch. She asks him what she looks like. Im standing right here, he says, and she says, Im like, right here. Then she asks him what he thinks of the music industry, and he says, Its a bitch. I take meetings every day, she says, and he says, Every day? She asks him what he thinks of women. He asks her what she thinks about that. She asks him what he thinks of his girlfriend. He tells her that Im riding for her. 5ec8ef588b
